

The Matter of Bossing in Firms and Companies

Mahmut elik / Finance Director

1) What kind of precautions do you take in case your business plan doesn't go as you expected?

2) Did you have a different business plan for each section of your company?

3) Are you in touch with your employees?

4) What are your priorities when you choose your employees?

5) If you notice that your employees are under psychological pressure what course of action would you take?
